

LEADERSHIP *TOMORROW*

ANNUAL REPORT

LT continues to be the leading organization educating proven and potential leaders utilizing positive leadership skills to improve our community that you know and love. We have expanded our programming in the last five years to further this mission and be accessible to even more potential leaders in Hall County.

Most recently, we created and launched Discover Grand Island. This is a two-day, community immersive program designed for those who are not able to commit to the full 9-month program, are brand new to our community, or are alumni of LT seeking to reconnect with community drivers. We also offer training for the top leaders of organizations who are seeking to further their own leadership skills through our Executive Series sessions. Our Summit has grown to a full-day, multi-speaker event that draws people to our community from around the region.

The Leadership Tomorrow and Youth Leadership Tomorrow classes continue to be our primary programs. We're always proud to see our alumni taking on leadership positions, running for elected offices, and joining community boards. We'd love to hear what you're up to! Please stop by our office at College Park some time to say hi.

As we continue to grow and meet our mission, we cannot do it without your support – both financially and by sharing your talents with us. Thank you so much for supporting LT and the work we're doing to develop leaders who are committed to improving our community.
